**2012 IECC EFFECTIVE JANUARY 1, 2013**

**ARE YOU UP TO DATE ON THE NEW  
ENERGY CONSTRUCTION CODES for ILLINOIS?**

On August 17, Governor Pat Quinn signed [Senate Bill 3724](#), amending the implementation date of the 2012 IECC to January 1, 2013.

The Illinois Energy Office has announced a Building Industry Training series directed at the Illinois construction industry to support implementation.

Homebuilders, designers, code officials and home performance contractors will be able to learn about the 2012 IECC applicable to new construction, additions and renovation projects in Illinois.

Seminars will provide the basis for the correct use of the 2012 IECC and Standard 90.1-2010 in the design, plan review, field-inspection, and analysis of construction in Illinois.

Topics covered include:

- IECC 2012, ASHRAE 90.1-2010
- Chicago Energy Conservation Code
- Blower Door & Duct Testing
- Controls for Daylight Harvesting
- Designing for On-Site Renewables
- System Commissioning (Cx)

Events approved for 6.0 AIA HSW/SD LUs, 2.3 BPI CEUs, 6.0 GBCI CE hours, 1.0 NCQLP LEU toward LC renewal, and 0.6 CEUs toward ICC certification renewal.
